

Dancoo 2F2/ Tech features

1 B-class soundproofing

Offering guaranteed privacy with an excellent 28.6dB Class B speech level reduction and one of the highest ISO23351-1 ratings in the industry for office pods.

2 Intuitive UI

The high-resolution touchscreen simplifies the setup and adjustment of the ventilation and lighting systems within the soundproof pod, while also enabling you to schedule pod time from anywhere in the world, making comfortable ventilation and lighting easily at your fingertips.

3 Optimized Lighting

Ceiling light: It is ultra-thin, light-emitting range reaches 850mmX180mm, Color temperature 4000 K, CRI > 90, 2600lm, desktop illuminance up to 500lux.

4 Adjustable Ventilation

The adjustable dual fan featured with damping bracket ventilation system can achieve a maximum airflow exceeding 52 l/s, surpassing the global industry standards for office space ventilation.

DEFAULT AIRFLOW preset up to 94 l/s, 200CFM (340 m³/h), and the airflow can be easily adjusted on the touchscreen. After use, the soundproof pod can ventilate itself in a preset manner.

Dancoo 2F2/ Interior Materials

Interior Pet Panels: The interior panels are made of high-quality polyester fiber, with a blend of at least three colors that create a visually harmonious effect that blends seamlessly into any office environment.

Its fire resistance performance meets the requirements of B-s1, d0 according to the fire classification standard for building products and construction components BS EN13501-1:2018.

Carpet: The carpet surface is made of nylon filament, featuring permanent antistatic properties, stain resistance, and flame retardancy. Its PE latex backing ensures comfortable walking experience, dimensional stability, and environmental protection.

Table: The tabletop is made of HPL-finished birch plywood that meets FSC requirements, and its steel support structure is fully enclosed in PET felt, seamlessly blending with the wall.

Sofa Upholstery: Sofas are available in a variety of fabrics, featuring polyester fiber double-structured fabric, which is characterized by a combination of full-color palette and black-grey tones, achieved through a blended and interlaced weaving method. This results in an even distribution of texture, material, and color, as well as a lustrous and gentle sheen. Additionally, the fabric boasts strong color fastness and exceptional abrasion resistance, enduring over 50,000 rotations of wear testing, ensuring a long service life.

Dancoo 2F2 /Exterior Material and Structure

Exterior: Powder-coated matte steel.

Frames: Structural framework made of solid birch plywood that meets FSC requirements.

Glass: Black enamelled glass.

Dancoo 2F2/ Power

Power Consumption: Default settings 56W. The highest setting 72W. Standby mode 12W.

Input: 100–240 VAC, 10 A, 50–60 Hz

Output AC (Power Outlet): 100–240VAC, 6.6A, 50–60 Hz

Output USB-C Charge Port: 25W

Power: OUTLETS 1 × power outlet, Type C Data extension, (Type A + Type C) charge port (Total 25W)

Dancoo 2F2 / Optional Functionalities

Movability Kit

Allows you to easily relocate your pod without disassembly, This kit includes 4 castors to make it easier to move the pod.

Occupancy Indication

Lights on the exterior of the pod let you see from a distance whether the pod is free.
