

DSS/Dancoo S Standard / Tech features

1 A-class soundproofing

Offering guaranteed privacy with an industry-leading 30dB Class A speech level reduction and one of the highest ISO 23351-1 ratings in the industry for office pods.

2 Auto control system

Auto control of the ventilation and lighting systems within the soundproof pod.

3 Optimized lighting

The 4000K ceiling light is Ultra-thin, CRI > 90, 700lm, desktop illuminance up to 300lux.

4 Ventilation system

The dual fan ventilation system can achieve a maximum airflow exceeding 26 l/s, surpassing the global industry standards for office space ventilation.

DEFAULT AIRFLOW preset up to 47 l/s, 100CFM (170 m³/h).

DSS/Dancoo S Standard/ Interior Materials

**Interior pet panels:** The interior panels are made of high-quality polyester fiber, with a blend of at least three colors that create a visually harmonious effect that blends seamlessly into any office environment.

Its fire resistance performance meets the requirements of B-s1, d0 according to the fire classification standard for building products and construction components BS EN13501-1:2018.

**Carpet:** The carpet surface is made of nylon filament, featuring permanent antistatic properties, stain resistance, and flame retardancy. Its PE latex backing ensures comfortable walking experience, dimensional stability, and environmental protection.

**Table:** The tabletop is made of HPL-finished birch plywood that meets FSC requirements, and its steel support structure is fully enclosed in PET felt, seamlessly blending with the wall.

DSS/Dancoo S Standard/Exterior Material and Structure

**Exterior:** Powder-coated matte steel.

**Frames:** Structural framework made of solid birch plywood that meets FSC requirements.

**Glass:** Sound-control laminated glass with built-in sound-insulating interlayer film.

Frameless full-glass door solution

**Lock and hinges:** Lock has been certified by the EN12209 standard and has passed a 200,000-cycle test of handle movement. The lock body, handle and hinges are available in three colors: natural anodized, black, and white powder coating.

HPL-veneered birch plywood structure door solution

**Handle:** HPL-veneered birch plywood structure

**Hinges and lock:** Detachable hinges door with magnetic lock

DSS/Dancoo S Standard/ Power

**Power consumption:** Default settings 28W. The highest setting 37W. Standby mode 6W.

**Input:** 100–240 VAC, 10 A, 50–60 Hz

**Output ac (power outlet):** 100–240VAC, 6.6A, 50–60 Hz

**Output usb-c charge port:** 25W

**Power:** OUTLETS 1 × power outlet, Type C Data extension, (Type A +Type C) charge port (Total 25W)

DSS/ Dancoo S Standard / Optional Functionalities

Movability Kit

Allows you to easily relocate your pod without disassembly,  
This kit includes 4 castors to make it easier to move the pod.

Occupancy Indication

Lights on the exterior of the pod let you see from a distance whether the pod is free.
